### Members Absent

Larry Alvarez

1. Discussed homeowner concern about private trees blocking the light from street lights. This is not a responsibility of the grounds. Will suggest to homeowner that they may want to write a concern form to the board
2. Discussed invoices that may have originated because of the new fence installation. Grounds members will divide up the invoices and contact homeowners as to the origin of the problem.
3. Shades Nursery has been contacted to design and contribute plants to the front urn in return for a free ad in the Bella Buzz. The feasibility of this will be looked into by Diane Nichols and other committee members.
4. Rusticscapes contract was reviewed, revised and finalized. It will be sent to the board for discussion in September.
5. The line items in the grounds budget was reviewed and discussed. Changes in the way invoices are approved were discussed. Irrigation invoices that may have been caused by the fence company are to be given to a grounds comm. member and the committee member will contact the homeowner for information. Other questionable invoices will also be investigated before approval.
