

Fences are up on W. Marsala Dr.—25 homes have fences and gates! The fences are well built and look good. I believe you will be proud to own one.

Fence work has started on N. Marsala Dr. and will continue along even-numbered homes. (The BVHOA and the VVHOA are continuing their discussion of financing regarding the BV/VV fence line behind odd-numbered homes.) From N. Marsala Dr. the contractor will complete construction on E. Marsala Dr.

From E. Marsala fence replacement will move to:

- Capri Court and from there to
- E. Capri Drive & Capri Place Lane homes that do not back up to VillaVerde. Homeowners on these streets should clear the necessary 1' path along their fence lines. If Homeowners need assistance, they should sign up at the Clubhouse to get assistance from Rusticscapes. The Contractor should be at these locations in about 1 week.

After this the Contractor will move across N. Riviera. Specifics on these homes will be announced next week, if available, and the work progresses as planned. Weather conditions are always a factor.

EMPLOYMENT OPPORTUNITY!

Vacations and extended absences are influencing Billy Potter's Inspector Crew. We need more help! Advantages are:

- Join a highly trained, friendly, well-oiled group doing an important job.
- Outside work--some in shady areas.
- Meet new friends.
- Training will be provided, previous experience not required.
- Salary range: \$0 to \$000 (Can't have everything.)

Seriously, its an opportunity to help the Community achieve its goal of better fences that will enhance the appearance of BellaVita and protect our property values.
