

Fences are going up!

Folks, as we've been telling you, the fence project is now underway with fences having been replaced starting on North Riviera at Marsala. Work is progressing quickly. Don't wait - - if you live in the following areas:

SECTION 1—Capri Court; E. Capri Dr.; Capri Place Lane; S. Capri Dr. or 1446, 1448 or 1502 N. Riviera Dr.—you should begin clearing 1' of working space between your shrubs and your fence, BOTH in your BACK yard and your FRONT yard!

NOTE: Homeowners who live on corner lots (except along N. and S. Riviera) in Sections 1-5 are responsible for clearing a 1' working space OUTSIDE their side fences adjacent to streets. Rusticscapes will provide this service for a fee. Sign up at the Clubhouse. The Grounds Committee will work with Rusticscapes on the timing of this trimming to avoid bushes growing back before fences are replaced.

REMINDER TO HOMEOWNERS WHO BACK UP TO THE NATURE RESERVE: If you want a 4' metal gate in your backyard, sign up at the Clubhouse by **Sunday, June 15.**

Remember your questions may be submitted on the forms provided at the front desk or by addressing your inquiries to fenceTF@club-bellavita.org.
